## Superintendent's Note

In reply to the yearbook staff's request for something special for the yearbook, Mr. Zollinger put together the following:

In 1986 my family moved to Goodwell,  
We found the people to be really swell,  
Twenty-two and one-half years in education I have spent,  
To a place I love, I have once again been sent.  
Eighteen seniors opened our doors this year,  
To each one I have grown very near.  
I want to wish each one happiness and success,  
Work hard in life and take your place with the best.  
To every student who this year did complete,  
In your future years you will receive your treat.  
To a great 1986-87 annual staff, great you have been,  
Your work is complete, so sit back and grin.  
The book shows you can compete in what you endeavor,  
Your yearbook is neat and very, very clever.  
But my wish to the Class of 1987,  
Keep one eye on life and one eye on Heaven.

# Goodwell On Map

The 1986-1987 school year was a very good one for the organizations and teams at GHS.

The year saw an FHA organized at the school, nine inductees into the NHS, the first school play in several years. An academic team organized, and the band and choir participating well at contest.

The athletic teams did well, also. The football team finished as a state semi finalist, the boys' basketball team finished as regional runner-up, the girls' basketball team won district (first time in twelve years), and the track team qualified several for state competition.

The students at GHS have every right to be proud of their accomplishments. They pulled together and represented GHS and Goodwell, Oklahoma, very well.

You might say that Goodwell was put on the map. Many people across the state were unaware where Goodwell was located. Some even questioned whether it was actually in the state of Oklahoma.

To each of you who had a part in putting Goodwell (America) on the map — Congratulations. It WAS A VERY GOOD Year.

## Selections Made Personalities and Favorites Named

According to a well-known source, a dictionary, the word *personality* is defined as a person with qualities that made him different from others, while the word *favorite* is found to mean a person regarded with special liking.

On the next few pages are of some of GHS' personalities and favorites. This year there were thirteen different personality selections made, beside the one for Mr. and Miss GHS. Votes were cast by GHS high school students for a boy and girl in which a certain "characteristic" could be found.

Favorite selections came from each class voting on a boy and girl from that class (e.g., seniors voted on senior class favorite).

As in *almost* anything, those chosen are not EVERYONE'S choice. However, the "majority rules" practice is still the most democratic way. Congratulations to each of you chosen as a GHS personality or favorite.

The greater the favor, the greater the obligation.

Every group, whether large or small, generally has a leader or leaders. Those of us within the pages of EAGLE ILLUSTRATED are no different. Our leaders are people who care about the education and well-being of the students in Goodwell — from the school board down.

The hours are long and decisions are often met with unpopular response. However, it all becomes worthwhile when students do well, enjoy what they are doing, and come back to visit after becoming successful or reaching a goal and saying "I all started at Goodwell."

Thanks to each of you leaders from those of us inside EAGLE ILLUSTRATED.
